

*The SchoolPlus
Enrichment center*

*opens its newest branch
in Riverdale*

Since its inception 16 years ago, SchoolPlus' vision has been to inspire the love of learning, to promote the students' bilingual abilities, and to enhance mathematical and scientific knowledge base.

Starting in November we will offer **Math classes for children in 2nd and 3rd grades.** We have adopted the Singapore Math curriculum which is based on solid number sense and concrete, pictorial, and abstract computational strategies. Our well qualified teachers make math purposeful, interesting, and relevant. Aside from instilling the love for math and providing practical skills, we will be **concentrating on preparing children for standardized tests that will be administered by the NYS Board of Education in April of 2012 for children born in 2003.** It is imperative to start preparation for these tests early because they have a great impact on your child's academic and placement successes. Sign up now while spots are still available!

Classes will be held from 5:30 to 7:00 on Mondays

@ The Dodge Community Center of Riverdale Neighborhood House at 5555 Mosholu Ave and at the Main Building at 5521 Mosholu Avenue

For children ages 3-4 we offer our **Original Enrichment program**, the important part of which is **OLSAT/BSRA** preparation. Classes for this age group are available **in English or in Russian** and are held on Wednesdays from 5:30 to 7:00 pm

Please visit our web site at www.school-plus.com and choose Bronx location for registration information. For questions and inquiries **contact Galina Bunin**
